BRIEF OVERVIEW OF MISSION LOCATIONS AND PROGRAMS

Location	Clinical Program	Education Program / Special Notes
<p>Guatemala: Esquipulas, our home base, is a small city. Primary Care Team rides in back bed of a truck daily to rural mountain villages outside Esquipulas.</p> <p>Jamaica: Kingston, The Primary Care Team travels by van 2 or 3 days to inner-city communities of Kingston. On other days the team cares for patients in residential facilities for persons with physical and mental disabilities and also does extensive staff training.</p>	<p>All Primary Care Programs:</p> <p>Family and community medicine, pediatrics and GYN, along with Pharmacy, PT and OT. MH, may be included.</p> <p>All teams also need persons with skills other than clinical skills. (Logistics: Interpreters, Supply Team; Teachers, Data input, General Support Services)</p>	<p>Education Program:</p> <p>Depending on the topics identified by our in- country partners and the bilingual expertise of our volunteers, we may provide educational seminars for community volunteers, professional and para-professionals on topics such as Chronic Disease Management, Maternal-Child Health, STDs, Hygiene, Wound Care, Cancer Prevention, Eye Care, and Body Mechanics..</p>
<p>Peru: Chulucanas, a city in Northern Peru is our home base and primary clinic site. Most of the team provides care in Chulucanas, on or close to the same campus where the team stays. A few team members may travel and stay in mountain villages where they set up "clinic".</p>	<p>Primary Care Program: Same as above</p> <p>Surgery Program: General & Vascular, Plastics, and Podiatry. Surgeons, Anesthesia Providers and O.R. Staff for Pediatric & Adult Surgery.</p>	<p>Primary Care Team: Same as above.</p> <p>Surgery Program: One-on-one during Pre/Post OP</p>

***Global Health Volunteers serve with reliable in-country partners who provide safe housing, water, and meals

*We are suspending missions to Haiti until the current political and civil unrest improves.

Applications are available online at www.globalhealthvolunteers.net

All applications should be received at Global Health AT LEAST 4 weeks before Orientation.

Applications may be submitted all year long, even many months prior to the mission.
